## Step 3: Enter their JKHS password

1. In the password section enter your child's JKHS Password.
  - a. This is the password they use to log into a computer at school.
2. Click Next.

## Step 4: Complete the Two-Factor Authentication (2FA)

To keep accounts secure, JKHS use Microsoft Authenticator app or text verification for 2FA.

Depending on how your child has set this up;

1. If using the Microsoft Authenticator App:
  - a. A notification will appear on the phone/device linked to the account
  - b. Either enter the 6 digit code displayed on the app or
  - c. Follow the instructions on the screen and enter the corresponding number displayed on the screen into the app.
2. If using text message:
  - a. A 6-digit code will be sent to the registered phone.
  - b. Enter the code when prompted and click verify.

If your child is have issues with their authenticator they need to visit IT support on site and we can help reset this.
